#### **CORONA-VIRUS**

Scary deadly dangerously stronger than the rest

- 1) If you have a fever  
be sure to take a test  
If you're feeling tired  
Stay home and get some rest
  
- 2) If you have a temperature  
Check it everyday  
fruits and veggies  
Plenty Water what you need today.
  
- 3) If you start to cough  
Or if you start to sneeze  
Cover your mouth then  
Wash your hands with soap and water please
  
- 4) I'm a little inspector now  
And you are one too  
Let's protect each other  
If we can.....so can you..... too
